Dugineer Berry, in charge of a switch engine, was doing some switching in the yards and pulled out on the main line when he discovered the passenger train coming around the curve at the rate of thirty-five miles an hour.

He was unable to get control of his engine in time to avoid a head-on collision and the two engines struck with tremendous force, leaving them a complete wreck.

All the cars left the track except one couch, but aside from a shaking up none of the passengers was injured. The track was torn up for a distance of 200 feet,

Many important changes in the personnel of the Street Department are to be made within the next few days. Commissioner Frank W. Valliant has decided that where positions now held by Republicans can be given to Democrats without lowering the standard of the department the latter will be appointed.

Among those involved in the changes are said to be George B. Stroup, Assistant Commissioner; James C. Travilla, Office Superintendent, and Carl Gayler, Bridge Engineer. Carl Gayler, Bridge Engineer, has been in the department for thirty-five years, and Stroup about six years. Their salaries are also 2,500 a year. Both are Republicans.

San Antonio, Tex., Aug. 3.—After being confined in jail for a day and a half without food, the Gity Marshal to-day at noon threw open the doors of the city jail and released every prisoner.

Owing to Mayor Callaghan's refusal to recognize City Marshal Campbell, who was appointed by the Police Commissioners, he refused to pay for the prisoner's food. To prevent them from starving in fail they had to be released. Until the situation is cleared up, all city offenders will be tried in the county courts.

Set Aside.

An appeal from the decision of the United States District Court for the District Court for the District of Colorado was filed in the office of the clerk of the United States Circuit Court of Appeals yesterfay by Mrs. Kate E. Brun of Denver, Colo., in which she asks that a judgment of the lower court for \$19.00 against certain property held by her to set aside.

The suit was brought against her late husband, Hirsun Robert Tillett of Arapahoe County, Colorado, by Jeremiah J. Mann. to recover \$80.00 for cattle alleged to have been driven off by Tillett.

Part of the claim was settled, but, it is seid, \$19.00 in question is due and Mann secured an order from the Colorado court to have certain lands, held by Mrs. Brun to be homesteed, sold to entisfy the tedgment. This she seeks to prevent by her appeal.
